To Whom it May Concern:

I recently hired D & R Residential Drainage Systems to install a drainage system in my home. Since I purchased my home one year ago, I have had continuous water in my crawl space. After Rod Poe, with Oregon Residential Services, LLC, investigated my home, he recommended a drainage system and gave me the contact information for D & R. Dan Flynn, the owner of D & R, responded quickly to my call, came out to my home the next day and gave me an estimate well below any others I or my neighbors had received. The project began as soon as I was ready and took less than 2 weeks. Dan and his crew were friendly, courteous and very professional. Dan kept me informed on their progress daily by cell phone, email or in person if I was around. He was willing to take the time to explain the project details and reassured me that their job would fix my problems. Not only was I impressed with the final job, I am grateful for the 5 year warranty in case something does come up in the future. It is nice to finally breathe easy, knowing that my crawl space is dry. I would highly recommend D & R Drainage Systems to anyone needing their service.

Please feel free to contact me if you have any further questions.

Sincerely,

Jennifer Woodfield
